

2019 CHAPTER LOGO, with Margaret McKenna's reflection:

The logo's central feature is the vibrant light ray that puts the earth on the threshold of change. The traditionally placed horizon shifts to one that is in motion, moving forward. In this image, the directional shift in the ray reveals light overcoming darkness. The dominant text in the design stands on the threshold of the unknown and incorporates the spirit of the Chapter theme—"Called to continue the mission of Jesus Christ: firm in faith, vibrant in hope, rooted in love, one in service."

The logo design, with the addition of the banner extending outward, eliminates boundaries as we cross the threshold into the future.

In this movement, we hear the words of the prophet Habakkuk 2:1-3: "Write the vision; make it plain on tablets. . . For the vision still has its time, presses on to fulfillment, and it will not disappoint; if it delays, wait for it—it will surely come. . . ."
