

*EAP Chapter 2018
Proclamation*

*Enlivened by the beauty of our celebrations and
the depth of our prayer together,
we walk toward God in gratitude, hope, and joy.*

*Our hearts are set on caring for the earth and
sharing our time and treasure with those in need.*

*We recognize in our changing demographics and
RSHM cultural diversity
a call to simplify structures of governance
to enhance our life as one body for mission.*

*Witnessing the vibrancy and vision
of the lay leadership in our schools
confirms us in Gailhac's conviction that
"The works we are doing are not just temporary
Let us work to leave after us people holy enough
to carry on our work,
based on the examples and teaching we will have left."*
