

“Hope for the
Earth, Hope for
Humanity”

Care for the Earth

Our vegetable garden

- If we take good care of the earth, it gives back to us in abundance .

Lettuce, in
2022.

Thermal Composter

- we use composite manure to nourish Mother Earth.

Emptying the composter

- The earth will not continue to offer its harvest, except with *faithful stewardship*.
- We cannot say we love the land and then take steps to destroy it for use by future generations.

(Pope St. John Paul II) Laudato Si
